

WHITE SQUIRREL

BOWLING GREEN, KY

6 PACK UPC

A brown ale with notes of chocolate, roasted malt, caramel flavors and a slightly creamy mouthfeel. This version is well balanced and light enough for a warm day, yet dark enough for colder weather.

White Squirrel Brewery in Bowling Green, Kentucky is named for the white squirrels that live in the downtown area. We are totally dedicated to supporting local Kentucky farmers, local businesses, our community – and producing great beer! If we ever brew a batch of beer that is not up to standards, we pour it down the drain – that's our commitment. We don't look back, and we don't second guess when it comes to quality. Every batch we brew is our baby... and we treat it that way. We can't wait to earn your business.
